Notes to numbered budget items which are over budget above

1. Sprinkler system repair and maintenance will be over budget due to the choice to focus on landscaping issues and the work that needed to be done prior to large scale projects being completed.
2. Domestic water appears over budget but is expected to be within budget due to timing. Many owners are in residence over the summer and the irrigation is in use which makes the line item appear higher this time of year.
3. Sewer appears over budget due to timing. The bills are paid on an annual basis while the comparison is a x/12th calculation.
4. Painting appears over budget due to timing as well but will be on target.
5. Landscaping improvements appear over budget due to special projects approved by the board.
6. Asphalt/resurfacing is over budget due to a special board vote to address negative slope issues.
